

## Experience. Insight. Stronger Revenue Solutions.

For over 25 years, ADVOCATE RCM has provided the most effective radiology billing process in the marketplace. By combining superior technology with a human touch, we effectively maximize your practice's revenue.

### A Better Billing Process

WE CONSTANTLY PLAN, TEST AND EVALUATE ALL PHASES OF THE REIMBURSEMENT PROCESS FOR YOUR PRACTICE—USING CUTTING-EDGE SOFTWARE APPLICATIONS AND TECHNOLOGY.

#### DEMO CORRECT

Our claims preparation and purification process results in cleaner data and the fastest revenue for our clients.

#### DUAL CODE

Our proprietary technology provides the highest level of coding accuracy and reduces denials.

#### REALTIME CT

Our claims tracking module ensures claims are followed up on for maximum collection efforts as soon as the claim is delinquent.

#### PERFECT PAY

Our payment compliance software verifies the accuracy of every payment and reports all underpaid claims.

#### DRS DENIAL REDUCTION SYSTEM

Our denial management software remains an industry leader, reducing first-time claim denials by 50%–60%.

#### REV ANALYZER

Our diagnostic revenue analysis tracks performance from every angle to ensure revenue maximization.

#### CAPTURE COUNTER

Our computerized charge count verification software is engineered to verify that every exam that is read is billed.

# AccuCode Radiology Coding Service

- The fastest and most accurate radiology coding solution on the market.
- Provides accurate turnaround times and easy integration at an affordable cost.
- A permanent solution to eliminate chronic backlogs or for overflow coding coverage.
- Comes with the most experienced and certified radiology specialty-focused coders in the industry.

## We Sub-Specialize to Increase Accuracy

ADVOCATE's AccuCode is built on DualCode, our proprietary software designed to deliver seamless, accurate, and timely coding and billing. DualCode provides coders with tools that improve accuracy, accelerate coding processes, and enhance quality. AccuCode provides:

- Unmatched Business Intelligence Technology
- Hi-Tech Solutions with a Human Touch
- Nationally Recognized Radiology Coding Expertise
- Improved Revenues
- Lower Denial Rates
- Increased Cost Savings
- Guaranteed Accuracy
- Decreased Compliance Risk
- Quick Setup and Go Live
- Monthly Quality Assurance Reporting

## Unmatched Business Intelligence Technology

Our cutting-edge solutions incorporate vital enhancements into the billing process.

### AIMS

#### SIMPLIFYING THE INFORMATION DELIVERY PROCESS.

AIMS is an end-to-end business intelligence solution that delivers value to your practice. We provide you with a robust data integration tool, a number of powerful analytical and reporting components and a web portal for disseminating information to management.

### FUSION

#### SECURE, ON-DEMAND REPORTING AND ANALYTICS.

FUSION can perform automated daily data pulls from the billing system and disseminate live reports to practice management. It allows you to easily assemble, view and analyze the information you need to make better business decisions.
